Stainless steel lance holder, two-piece

Suitable for all lances with insulation

Holder: Even lances with screw coupling connection remain securely at the assigned place.

All in one: Suitable for HSC, qc nipple, male of female ...

The practical two-piece holder for four lances

- Robust, practical lance holder made of stainless steel
- High-quality workmanship made of 1.5 mm thick stainless steel sheet
- Pre-drilled mounting holes for wall mounting
- 4 adaptable lance fixings for lances with internal thread or hand screw connection

Placement: Both brackets can be placed individually and provide secure grip even for different lance lengths.

Sophisticated solution for all lances: Up to four lances can be placed.

Lance fixation: For lances with hand screw or internal thread, the optionally available lance fixations can be simply mounted with Allen screws and nuts in the designated positions.
