

easyclean365+ telescopic lances and wash brushes

The choice of perfection

New telescopic lances with a length of up to 3.6 meters!

Cord thread:
Durable and virtually indestructible thanks to zinc alloy.

Low-pressure telescopic plants made of aluminum and fiberglass and washing brushes in two versions with coarse thread

- Aluminum lance with water passage 1.5 - 3.5 meters. High-quality valve connection with brass stopcock and black non-slip soft-grip coating over a length of 83 cm. Weight: 1.2 kg
- Fiberglass lances in 2 variants: length 1.8 m, weight: 0.7 kg and 3.6 m, weight: 1.1 kg.
- Sturdy zinc alloy cord thread heads
- **easyclean365+** brushes with water outlet and coarse thread in 2 versions: hard and soft with 60 mm long bristles
- Brush size 250 x 80 mm

Water passage: Ball valve for opening and closing made of brass. Thick black non-slip handle coating for a good grip.

Fiberglass lance with PVC end cap: Simply hang it on the hole.

Hard: Yellow bristles in a wave shape **Soft:** split bristles in blue and white

Sophisticated locks: Turn non-slip and extend continuously.

Logo: The new brush bodies feature the **easyclean365+** logo. The washing brushes impress with their high-quality, wave-shaped PVC bristles. The soft, blue version is characterized by particularly fine bristle ends, which are very water-absorbent by splitting the material several times and can get into every small gap.
