**Protection class 5/5/2**

- rotating nozzle 500 bar/7,500 psi
- flat jet 500 bar/7,500 psi
- point jet 200 bar/3,000 psi

Protection class 5/5/3

- rotating nozzle 500 bar/7,500 psi
- flat jet 500 bar/7,500 psi
- point jet 300 bar/4,350 psi

Note - load capacity for point jet: 300 bar / 4,350 psi

**Hose protection/shroud easyprotect365+**

The hose is held close to vital parts of the body, so the danger of bursting hoses for the body is very high. The hose protection provides effective protection for the operator!

It was tested at 500 bar / 7500 psi. An adjustable strap keeps the hose guard securely in place.

The hose protection is very smooth and flexible.
