

ST-2635 Industrial premium spray guns with the new ST-303 swivel joint

The choice of perfection

The problem solver for professional high-end applications

360° swiveling

With our patented „Low Trigger Force +“ technology, you benefit from easy handling even with long high-pressure applications! Experience 90% lower holding force and 55% lower trigger force compared to conventional pistols.

The professional Industrial spray guns, now also as a premium version with the particularly high-quality, ball-bearing swivel joint ST-303

- High-quality, integrated maintenance-free swivel joint, corrosion-resistant and very smooth-running.
- Extra-long service life of connected hoses guaranteed by the swivel protecting the hoses from twisting.
- Convenient 360° handling in any cleaning application.
- Gun inlet: 3/8" F swivel, gun outlet: 1/4" F or with coupling KW
- All pistols are equipped with **Low Trigger Force +**: 90 % lower holding force and 55% lower trigger force compared to commercially available spray guns
- Maximum 400 bar / 35 l/min / 150 °C
